tile fasteners

STORM-LOCK NOSE HOOK

DESCRIPTION

Also known as "Tile Locks, Nose Clips or Butt Hooks". Storm-Lock Nose Hooks are for use with clay and concrete roofing tiles for all slopes. They provide a locking device for the butt edge of each tile. Storm-Lock Nose Hooks achieve greater holding power and are used in designated high wind areas. Storm-Lock Nose Hooks are compatible with all methods of tile attachment and are recommended for all roof tiles installed at slopes 7:12 or greater.
